NOTE—Beginning on May 20th, stores will close on Thursday afternoon, but the following week they will be closed May 24th, but open on Thursday.

500 Fans Wanted.

Baseball Friday—Married vs. Single

Interest in the organization of the Didsbury baseball team has been increased considerably in the announcement of the opening game on Friday of this week. Born of their single blessedness the bachelors of the town hold the belief that they can whip the married men to a finish and their bluff has been called. On Friday evening, therefore, the citizens of the town are invited to witness the play, and there is no doubt the game will be worth watching. A collection by the way will be taken up to defray the expenses of the married men.

The team representing the married men (characterized by the bachelors as the "forlorn hope") will be led on the ground by H. Clemans (capt.) and A. G. Studer (manager), and H. Stauffer and Bert Cressman will act in a similar capacity for their single brethren.

At a meeting of the baseball team, held at the C.P.R. depot Friday last, Jack McCloy and Tom Johnson were appointed joint managers for the season, and under their supervision it is felt the arrangements for games will receive prompt attention. The position of captain was discussed at short length, but it appeared to be the feeling of those present that this appointment should be left to the team itself.

Practice nights will be Monday, Wednesday and Friday, and every member of the team is requested to avail himself of each of these opportunities and thus help to make the aggregation as strong as possible.

with your lustiest voice at about 7 P.M. to join in the fun.

It is also rumored that the minstrel troupe are preparing a new program of better quality than the last, to be presented in Didsbury in about a month's time.

Mr. Ed. Klink and Helen Tinsworth spent Sunday afternoon at Mr. D. Klink's.

Burnside.

Miss Clarebelle Miller arrived Saturday to spend her vacation under the parental roof.

The Jutland and Burnside school teams put up a snappy game Saturday, when Burnside won 34 to 1. There were some good plays on both sides and the game was interesting all the way through.

The Lone Pine Hall was packed to the doors on Thursday evening to see "Riders of the Purple Sage." Mr. Sharp is putting on the sequel "The Rainbow Trail" on May 21st.

Mr. John Koch had the misfortune to lose his barn by fire last Friday when the high wind blew into flame an old straw stack bottom, then ran along the stubble to the barn. But for neighborly assistance the house would have been burned also.

Miss Nina Redding of Massachusetts spent the past week with Mrs. John Topley.

The Lone Pine Institute will meet on Thursday, May 13th, at the home of Mrs. Noah Eckel. This Institute is having the Lone Pine Hall painted with two coats of paint, paying for both paint and painting out of their funds.

Mr. and Mrs. John Topley and family spent Sunday at Mr. R. Howe at Three Hills.

Mr. and Mrs. Thompson and

Westcott.

Mr. and Mrs. John Weidner and Mr. and Mrs. Carl Russell and families visited at Mr. Norman Tuggle's Sunday last.

Mr. Claude McFarland visited at H. O. Levagood's on Sunday.

Mrs. Bill Smiley visited with her father over the week-end.

The Brown's spent Saturday evening at Mr. H. O. Levagood's home.

Mr. C. R. Ford spent Sunday afternoon with the Robertson's.

The Misses Doris and Edith Murphy and Clifford spent Sunday evening at Mr. and Mrs. Scott's.

Mr. and Mrs. F. C. Caldwell and Mr. and Mrs. M. Caldwell and the Brown family spent Sunday at C. C. Rinehart's.

Messrs. Jas. Hughes and R. Ford visited the Virginia Ranch on Saturday last.

Messrs. Ed. and Milton Ford spent Sunday evening at H. O. Levagood's.

Mr. Ira Leony has purchased a "Ford" so we are all watching his next move.

We hear it rumored about that there is to be a baseball game at the school in the evening before the regular program. So everyone, young and old, be on hand

Didsbury Sunburst Oils

**WORLD HAPPENINGS
BRIEFLY TOLD**

Married women, travelling alone to Cuba will have to show authorization from their husbands before they can secure admission.

A reduction in the prices of automobile tires is announced for Great Britain. The reduction amounts to an average of ten per cent. and has become effective.

About the only place in the world where the birth rate has been increasing much lately is the South Sea Islands, the League of Nations has determined.

"Jixie" is the name London has devised for new two-seated taxicabs, which are to circulate in London streets in an effort to combat high prices charged by taxicabs which seat four passengers.

Blue sky legislation applicable to companies incorporated under Dominion charter will not likely, it is understood, be introduced during the present session of parliament. The prevailing opinion appears to favor calling of a conference with representatives of all provincial governments before any steps are taken in this matter.

**A MEDICINE THAT
ALL MOTHERS PRAISE**

**Baby's Own Tablets Banish
Babyhood and Childhood
Ailments**

Mrs. H. Oakes, Barrie, Ont., says: "I have used Baby's Own Tablets in my home for the past fifteen years and I believe the good health my children enjoy is due entirely to this medicine. The Tablets are helpful at teething time; relieve colds and are always beneficial in the minor ailments of little ones. I have recommended Baby's Own Tablets to other mothers whose experience with them has been as satisfactory as my own."

Baby's Own Tablets do one thing only, but they do it well. They act as a gentle laxative which thoroughly regulates the bowels and sweetens the stomach, thus banishing constipation and indigestion; colds and simple fevers and turn the cross, sickly baby into a well, happy, laughing child.

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Colorado parks department reports that 261,949 people visited the grave of Buffalo Bill on Lookout Mountain last year.

An Oil of Merit.—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

A man's will goes into effect after death, but a woman's will is in effect during life.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Most people call an aeroplane "it" instead of "she." You see, men keep it under control most of the time.

WARTS.

Apply Minard's freely and often. Also splendid for corns and bunions.

MINARD'S

ON THE AIR

What is Doing in the World of Radio

Next to a telephone that will not answer is a radio machine that registers everything but the programme that is struggling to present itself.

The man who says that he caught a fifteen-pound bass last summer is now telling that his radio set gets Europe nearly every night.

Heart-beats that may be heard across the continent today are possible by the means of a new "radio stethoscope," recently experimented on at the University of Minnesota, Anthony Zeleny, professor of physics at the university, announces.

A run-down "B" battery may cause crackling sounds that cannot be distinguished from some forms of static. The quickest way to determine between them is to disconnect aerial and ground while your set is in operation. If the noise stops, your batteries are not causing it.

**Sour Stomach Risings
Subdued by "Nerviline"**

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nerviline will surprise you. Take it in sweetened water, and almost immediately you feel better. Nerviline brings up the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When colic or cramps strike you at night, Nerviline is a sure relief. For general use in the family, for emergency use, always keep trusty Nerviline on hand. 35c at all dealers.

ECLIPSE
FASHIONS
Exclusive Patterns
by Hazel Rogers

Smart For the School Girl

A very practical style of dress for school wear is the model shown here. Ample freedom for play is provided by the deep inverted plait in the front of the skirt. A vestee of plain, contrasting color material is set onto the dress with three rows of machine stitching. The same stitching outlines the edge of the boyish collar. The back is plain and the long sleeves are marked for a shorter length. Duro singham, linen, cotton broadcloth, or figured rayon would be suitable washable materials for this frock. No. 1303, which is in sizes 6, 8, 10, 12 and 14 years. Size 8 years requires 2 1/2 yards 32-inch material; short sleeves 1 1/2 yard less material. Price 20 cents.

Our new Fashion Book contains many styles showing how to dress boys and girls. Simplicity is the rule for well-dressed children. Clothes of character and individuality for the junior folks are hard to buy, but easy to make with our patterns. A small amount of money spent on good materials, cut on simple lines, will give children the privilege of wearing adorable things. Price of the book 10 cents the copy.

Minard's Liniment King of Pain

**Food! Felt Like
Vinegar In Stomach**

Brooklyn, N. Y. Mr. A. Arnstan says:—"No matter what I ate, it seemed to turn to a vinegar like acid as soon as it went down. I was bilious, belched gas, and acids rose in my mouth. Appetite was poor. I took Carter's Little Liver Pills for just one week. This certainly was a fine remedy for me."

Treat a constipated condition in a sensible manner, cause the bowels to move daily free from pain. Carter's Little Liver Pills are for every member of the family. Small, sugar coated, easy to take.

Druggists, 25 & 75c red packages.

Grafts New Eyes

**Scientist Claims to Have Succeeded in
Experiments With Animals**

After several years' experiments, Professor E. Guyonot, of the University of Geneva, has succeeded in creating sight in animals, according to Popular Science Monthly. He hopes soon to extend his work to human beings.

In his experiments Professor Guyonot chose tritons as his subjects. He cut their optic nerves and extracted their eyes. Then, after a certain period, he grafted new eyes in the orbits of the original ones. In eighty-four cases he has worked on during the past eleven months only three have been complete successes, but these prove conclusively, he claims, that he is on the right track.

**Recommended Them
To Scores of Sufferers**

**Manitoba Man Used Dodd's Kid-
ney Pills for Aching Back
and Bladder Trouble**

Mr. G. I. England Received Great Relief and is Now Very Enthusiastic About Dodd's Kidney Pills.

Desford, Man.—(Special).—"I was troubled with my kidneys," states Mr. G. I. England, a well known resident of this place. "I used to suffer with an aching back and can assure you I found your Dodd's Kidney Pills gave me great relief. I have taken them for ten years and have recommended them to scores of sufferers."

It is noticeable that people who have used Dodd's Kidney Pills are always enthusiastic in recommending them to others. That is how Dodd's Kidney Pills have made and maintained their reputation.

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in shape to strain all the impurities out of the system. Dodd's Kidney Pills will enrich your blood and feed your nerves, and every dose you take will give you a new store of health and energy.

Orient Likes Canadian Wheat

Remarkable increase in Oriental demand for Canadian wheat is reflected in the regular statistical report of the Vancouver Merchants' Exchange. To the end of February the Orient took 16,091,758 bushels, as against 3,013,649 bushels in 1924-25 and 8,508,360 bushels in 1923-24. This increase is due to growing favor of Canadian hard wheat and to the fact that prices were right this season.

**'She Couldn't Sleep
Heart Was So Bad**

Mrs. J. D. McClintock, Charlotte-town, P.E.I., writes:—"About a year ago I was greatly troubled with my heart."

I could not sleep at night, and was so nervous I imagined that I could see everything in the room moving, and would have to turn on the lights before I could get to sleep.

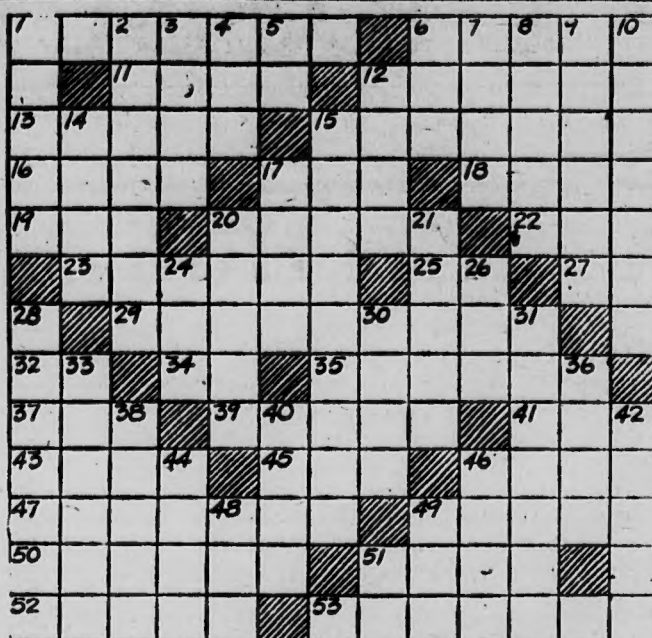

After having read of your

I took several boxes of them, and can now get a full night's sleep without any trouble, and feel fine in every way."

H. & N. Pills have been on the market for the past 32 years; all dealers sell them; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

MAY 2

GOD'S COVENANT WITH NOAH

Golden Text: I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth. Genesis 9:13.

Lesson: Genesis 5:28 to 9:29.

Devotional Reading: Psalm 89:5-16.

Explanations and Comments

I. Antediluvian Wickedness and Its Consequences.—Read the account of stories of the Deluge, under the topic, "Light from Archaeology," and then the Teacher-Training Thought, page 168. The story explains an unusual flood as caused by God's wrath at the wickedness of the human race and his consequent desire to destroy all mankind. Noah and his family alone excepted. The conception of an angry God who repented having made man was natural to men when first groping after a knowledge of the true God.

II. Building and Entering the Ark, 6:13 to 7:16. Amidst all the wickedness, Noah lived a blameless life. "God is in a special manner pleased with those that are good in bad times and places." Noah was therefore illustriously righteous, because he was so in that wicked and adulterous generation" (Mathew Henry). By faith, Noah, being warned of God concerning things not seen as yet, moved with godly fear, prepared an ark to the saving of his house, Hebrews 11:7. The ark was built of cypress and coated with pitch; in shape it was like a chest with flat bottom, four hundred and fifty feet long, seventy-five feet broad, and forty-five feet in depth. All around just under the roof a space was left open for light and air, the roof being supported by posts. Its three decks were divided into compartments.

Strangled with Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price to all who use it.

British Families Coming

Twelve hundred British families are expected this year under the 3,000-family migration scheme, now in operation between Canada and Great Britain. The original agreement extended over three years, and if the anticipated 1,200 families arrive in 1926, one-half of the three thousand will be in the Dominion and the agreement will have one more year to run.

"Can you drive with one hand?" asked the girl in a gentle voice.
"You bet I can," replied the young man, eagerly.
"Then have an apple," answered the sophisticated young creature.

**CHARACTER TELLS
THE STORY!**

People throughout this country are giving more thought to hygiene and to the purity of remedies on the market, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for many years that everyone knows they are just what they are claimed to be. These medicines are the result of long research by a well-known physician, Dr. J. C. Pierce, M. D., who compounded them from health-giving herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of Buffalo, is a sufficient guarantee for the purity of that splendid tonic and blood purifier, the Golden Medical Discovery, and the equally fine nerve tonic and system builder for women's ailments, Dr. Pierce's Favorite Prescription. Send 10c for trial pkg. tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

Strange, Romantic Love Adventures of the Flapper you know!

Joanna

by H. L. GATES

Copyright 1923 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

THE STORY THUS FAR

Joanna, pretty, modern, a shop girl, making her way alone in the world is summoned into the presence of Graydon, her employer, to learn that an unknown man has given her a cool million to spend as she wishes. Dazed, incoherent she asks as to the meaning of this deluge of money. She is told that she is not even to know the name of the man who is giving the money. There are no "strings" to the gift. "You will not be asked to give anything," said Graydon, in reply to her questions. Still unable to understand this overwhelming information, she is sent to banker Eggleston where the money is on deposit.

CHAPTER III.—Continued.

"If your benefactor has directions to give," Eggleston went on, with the banker's manner of monotonous dwelling upon the detail of a financial bargain, "they will be given the bank, and will have to do only with additions to your funds, or the cessation of them. At any rate, the present deposit of one million dollars, which includes securities we shall be glad to negotiate for you should you require the cash, is at your disposition and none of it may be withdrawn from you. It could not be, in any event, as it has been completely transferred to your account. You must accept it, to do with it as you will. You will not be asked for an accounting."

"And it's really true that I don't have to go back to the silks? To my job at the store?"

Eggleston's smile was quizzical. "I should be rather astonished to know that a young woman with a million dollars in the bank's vaults was concerned as much with the selling of silks as the buying of them."

Joanna nodded. "If I had a million dollars you can bet the last shot on your hip—I mean you can bet I'd do a lot of buying, all right!"

"I wouldn't wonder!" Eggleston commented, shortly. Joanna looked up at him quickly, detecting the hardness in his voice. "Oh," she assured him gravely as if to defend herself against his implied disapproval; "I wouldn't put it all into dancing pumps, you know!"

The girl floundered. She'd never thought much beyond dancing pumps and their kindred things.

"What else, then?" Eggleston repeated.

There was nothing for Joanna to do but fall back upon her subterfuges. She had many subterfuges. They covered a multitude of a girl's needs nowadays.

"Wait until something like what

you're kidding me about really happens," she said at last, brightly. "Then watch me!"

"Perhaps that will be the better bargain," the banker agreed, his voice still hard in the unpleasant way the girl didn't like so well. He pointed to the opened check book which lay forgotten at her hand. "It will begin to feel real, won't it, when you have filled out one of those?"

The girl's wits swam again. She picked up the book of long, slender leaves, and examined it curiously. Here, at her finger tips, would be the test—the test of the impossible dream these two old men, her employer, Graydon, and his friend, Eggleston, were pulling her into. She clutched at an obvious excuse to postpone what she was convinced would be the tumbling down of the house of cards that was being built for her.

"I've never had to write out one of these," she protested. "I'm afraid I'd get it twisted."

The man who had been watching from the window came abruptly into the room. A sign, merely a meeting of the eyes, passed across the girl between him and the banker. Joanna turned sharply when she realized a new figure was standing almost beside her. She knew, instantly, that she had been right in feeling an additional presence in the room. When she looked up into the newcomer's face a sudden fear, a sense of danger, tingled along her nerves. She had met many men in whose slightest approach she always recognized a challenge and a raid against her batlements. Unconsciously she stiffened in her chair. But Eggleston spoke calmly:

"I have forgotten to present Mr. Brandon. He is very close to me, in a manner, and is interested in your extraordinary circumstances—of which I had told him. He begged me to let him pay you his compliments."

Brandon bowed, easily, his manner marking him immediately, in Joanna's mind, as one who could make devotions gracefully at any kind of feminine shrine. She reflected that he would be the sort that would dance well and say things that fitted the music.

"But I am going to ask Miss Manners if I may not do more than offer my congratulations," Brandon said, smiling down at her. "Perhaps she will allow me to help her draw her first check. That will be something I shall always remember—when Miss Joanna has taken her place among the hill tops."

Dazed again by the imminence of the test, Joanna obeyed him silently, the letters made by her pen running together in a black mist as he pointed out the place for her signature, the date, and—the amount. After one or two attempts she signed her name to his satisfaction and her own. Then she wrote in the date—as supplied by Brandon.

"And now," Brandon said, softly, almost caressingly, "the amount." She looked across the table, at Eggleston. He nodded. "Any amount you need—or that would like to carry away," he said.

A wild impulse stirred Joanna's blood. She would make the test a real one, puncture the bubble with one stroke of her pen. Her fingers firm, now, a light of determination in her eyes. She would demand a sum which would—well, something would happen then!

Her pen shaped the line:

"One Hundred Dollars!"

Brandon laughed. He lifted the check, so laboriously—and, then, defiantly, written out. He read the amount aloud. A twinkle came into the eyes of the banker at the other side of the table, but he said nothing.

"Let's try it again," Brandon said, looking down into the puzzled face of the girl. "A hundred dollars will hardly buy you—what shall you buy first, wasn't it dancing pumps, you said? Well—surely you will want more than one pair. Here, let me fill in another check for you."

He tore the paper he held, crumpled it, and tossed it aside. Pulling

Tanlac builds strong bodies

"I want everyone to know how Tanlac helped me. For twelve years I suffered with nervous indigestion. Three bottles of Tanlac gave back health, strength and appetite. Gained 17 lbs." Edmund Mongeau, 17 McGill College Ave., Montreal.

There's nothing like Tanlac to purify the blood, put the stomach and liver in working order and build up a run-down body.

Millions of men and women have been benefited by this great tonic and builder that is compounded after the famous Tanlac formula from roots, barks and herbs.

If you are nervous, suffer from indigestion; have rheumatism, torpid liver, buy a bottle of Tanlac at your drug store today. See how you start to improve right from the first. Take Tanlac Vegetable Pills for constipation.

the check book to his own hand he filled in the money line, "Ten thousand dollars!"

"There," he said, as he placed the paper for the girl to sign, "that will make a better beginning for you!"

The banker touched his bell. A messenger responded almost immediately.

"You will have this cashed at once," the banker ordered the messenger. "It is the first draft upon the new account of Joanna Manners. And bring the money here. She will want it immediately."

CHAPTER IV.

The First Triumph and Defeat

With the crisp notes of her ten thousand dollars spread on the table before her, with Eggleston, the grave, impenetrable banker, and Francis Brandon, debonair, easy-mannered courtier of the new world into which she was being ushered, silently watching her, Joanna closed her eyes in quiet communion with herself.

It was real! The fantasy had become a chapter of life with "Miss Twenty-seven of the Silks" lifted from the valley to the hilltops where there possibly couldn't be any shadows.

Weakly, she made new battle for understanding, and again lost. They, those two men, one of which, she was sure, knew the whole of the mystery, would tell her nothing. Brandon professed to know no more than she; he declared that the banker had told him nothing of the motive or the source of her sudden shower of gold.

"But," said Brandon, "you will not shut me out, I hope, from the rest of the wonders. You will let me walk with you, now and then, along your new paths?"

(To be continued)

Talked Too Much

An Englishman and Irishman employed in a drug store in Florence went on a spree together the other day. Both were arrested. The Irishman was let off with a light fine, because he was only drunk and disorderly. The Englishman was sent to prison for eight months and fined 3,000 lire. In addition to being drunk, he had spoken disrespectfully of Mussolini. People have to speak softly in Italy these days.—Hamilton Herald.

The lawyer deals in brains and disposes of them by the case.

Cuticura Shaving Stick

Medicated And Soothing Keeps The Skin Healthy

It produces a creamy, lasting lather which doubles razor efficiency and makes shaving easy for tender-faced men, while its delicate medication keeps the skin clear and healthy.

Failure Of One-Crop System

Attention Now Being Given to the Growing of Legumes

(By Jas. D. McGregor, Glencarnock Stock Farms, Brandon, Manitoba)

Western Canada in the past has been a small grain growing country. The climate, soil and all other conditions have combined here to justify the great grain fields to the exclusion of other lines of farming. However, on land that has been farmed from 10 to 25 years, the production has decreased from various causes, until the profits in strictly grain farming are no longer certain.

All one-crop or grain farmers realize sooner or later that the fundamental principle of farming is being neglected; that the decrease in yields and the difficulty with weeds, plant diseases and other pests, is due to the one-crop system, which depletes the available fertility of the soil, and does not provide for saving or increasing this fertility, or for controlling weeds and other pests. Hence, the great interest being taken in livestock, corn, alfalfa and clovers is not for these things alone, but because they will be the means by which the profitable yields and production of small grains may be maintained.

The one-crop system is not peculiar to Western Canada as all new countries have persisted in the crop most easily grown, and which gave the best cash return. When this crop has ceased to be profitable, usually due to the depletion of soil fertility, attention has been given to the growing of legumes, the raising of livestock and perhaps to the use of some commercial fertilizer.

"Legume" is the name of a class of plants of which alfalfa, sweet clover and other clovers, beans, peas, etc., are members. The seed is borne in some form of pod. This class of plants differ from all others in that they provide a means of obtaining nitrogen from the air. Nitrogen is one of the essential elements of plant food. No plant can make any growth whatever without it, and it is the most expensive element when bought in commercial fertilizer. It is also the most abundant element in nature, as more than half the air is nitrogen. Hence, clovers, alfalfa, etc.—legumes—are utilized for the purpose of restoring this element of soil fertility. Young animals, and particularly milk cows, must have nitrogen in their feed, for no growth or milk can be made without nitrogen.

All plants use nitrogen, but the grains, grasses, corn, etc., must rely on the small available store in the soil, while the legumes may draw on the unlimited stores in the air. For this reason the hay and seed from legumes are much richer in nitrogen than that from the grains and grasses. Legumes obtain this atmospheric nitrogen by the aid of bacteria which live in tubercles on their roots. Unless these bacteria are present, the legume would be no more able to utilize the atmospheric nitrogen than any other plant. When the bacteria are not present, or for any reason will not grow on the roots, the legume will not produce satisfactorily because it is natural for these plants to obtain a part of their nitrogen from the air. Artificial inoculation, liming the soil, etc., may be employed to advantage, especially on poorer soils.

Farmers of the old farming regions resort to every known means of saving plant food and returning it to the soil. Here in the new country, when land is worked out, we have moved on west or north, to new land, or cleared the timber from new land.

The greatest asset of the farmer is his soil fertility. Like fortunes, this fertility may either be used over and over again, or it can be dissipated and wasted in a few years. When yields are below the cost of production, or below what they formerly were, it is evident that there is need for studying this situation. Rotation of crops aids in controlling weeds, plant diseases and insect pests, and also enables the farmer to feed livestock and return a part of the fertility to the soil in the shape of barnyard manure.

The time is here when these things must receive attention, and prudent is the farmer who adopts a system of farming that will save soil fertility, and keep his land free of weeds and plant diseases, while he is yet able to do so.

Between radio and television a person may have a hard time soon finding his own business.

STOVE POLISH

Keeping Fit! A Matter of Habit!

Good Health Is Within Reach Of All Who Observe This Healthful Habit

There is a very good reason why so many people find themselves subject to listlessness, headaches, biliousness and weakened vitality. They have failed to acquire that healthful habit of regular daily bowel evacuation, with the result that they find themselves victims of constipation.

Modern living conditions tend to decrease the amount of natural lubricant in the intestines, making regular easy elimination of the bowel contents difficult.

Under such circumstances poisons from the waste matter that remains behind, are picked up by the blood and absorbed by the system, resulting in undermining the general health and vitality.

Nujol, the scientific internal lubricant augments nature's lubricant, and makes elimination safe and easy.

Nujol softens the waste matter and permits thorough and regular elimination, without overtaxing the intestinal muscles.

Nujol is not a laxative, and may be taken for any length of time without ill effects. At all druggists.

Little Helps For This Week

Lo, I am with you always.—Matt. xxviii., 20.

The day is long and the day is hard, We are tired of the march and of keeping guard,

Tired of the sense of a fight to be won, Of days to live through and work to be done,

Tired of ourselves and of being alone.

And all the while did we only see, We walk in the dear Lord's company; We fight, but 'tis He who nerves our arm,

He turns the arrows which else might harm,

And out of the storm He brings a calm.

—Susan Coolidge.

Did you not know me, my child?

You have thought the thoughts that I inspired; you have spoken my words; you set forth to fight on my side in the battle against evil; and yet you forgot me, and have often gone near to deny me while I was standing by your side, and giving you the strength to speak and think a life which you took to be your own. Look at me now, and see if I am not better than the images that have hid me from you.—Annie Keary.

Nurse.—Do you want to see the little brother the stork brought you?

Bobby.—Naw. I wanna to see the stork.

LEG SORES

ARE CURABLE. If you suffer from Leg Sores or Varicose Ulcers, I will send you ABSOLUTELY FREE a copy of my famous book that tells how to be rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of, and the result of over 35 years' special training. Simply send your name and address to Dr. H. J. WHITTIER, Suite 29, 431 East 11th Street, Kansas City, Mo.

A BROKEN DOWNS SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—breakdown, as it were, of the vital forces that sustain the system. No matter what may be its cause, they are almost numberless, its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what is absolutely essential in all such cases is increased vitality—vigour, vital strength and energy to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of THE NEW FRENCH REMEDY.

THERAPION No. 3

is by any other known combination. Sooner as it is taken in accordance with the directions accompanying it, will the shattered health be restored THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH.

and a new existence imparted in place of what had so lately seemed worn-out, used up, and valueless. This wonderful medicament is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by Chemists, or either No. return mail to Dr. LECHE Med. Co., 1140 North 4th St., N.W.A. & Co.

DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moose Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOUGHTON, 712 Athabasca W., Moose Jaw, Saskatchewan.

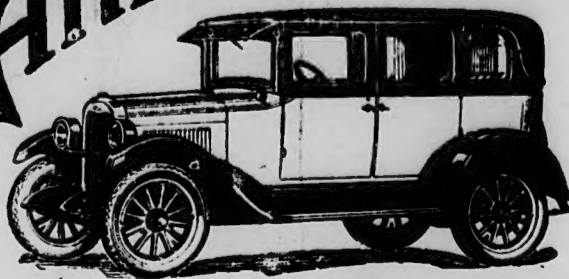

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.

The Landau

CHEVROLET has added another beautiful model to its line—the Landau—a handsome five-passenger car, with Fisher Body finished in Arizona Grey Duco.

The Landau reaches a new pinnacle of small car luxury, having a seal grain leather top, with distinctive Landau irons and smart D-shaped windows in the rear.

It is upholstered in velvet, which harmonizes

with the exterior finish, and is provided with a folding foot-rest and a robe rail. Pockets are built into the rear doors and the rear compartment is supplied with a smoking set.

Possessing the economy, ease of operation, quick acceleration and abundant power for which all Chevrolet models are famous, the new Landau represents a combination of value and quality never before presented in a car in its price class.

OPERA HOUSE DIDSBURY

SATURDAY, MAY 8.

'Winds of Chance'

Victor McLaglen and Viola Dana in "Winds of Chance"

WEDNESDAY, MAY 12th

"HIS CHANCE."

This is one of the finest pictures on the screen to-day.

Commencing Saturday, May 8th, there will be one show only at the Opera House, starting at 8 o'clock sharp. Followed by a Ten Cent. jitney dance.

Local and General.

He that planteth a tree is the servant of God,
He provideth a kindness for many generations,
And fash that he hath not seen shall bless him.

Van Dyke.

One is delighted to observe the efforts put forth by our residents in the matter of tree-planting. Too much stress cannot be placed upon this important feature of our community life, inasmuch as it not only means the beautifying of the residence itself and the town generally, but it tends to uplift the moral tone of those living in the vicinity. One fails to gain inspiration, or even enthusiasm, from an unsightly garden, a broken fence, or an unpainted barn, and to children especially their environment means a great deal. It is not convenient, possibly, in every case for the resident to improve his buildings to any great extent, but trees are within the reach of all, and every endeavour should be made to take advantage of the opportunity thus afforded. And this by the way, applies as much to the country as the town. One could wish that a still greater effort might be made here in Didsbury. Shade trees along our streets would be an immense improvement, and attention might very well be directed towards conserving those already here.

The town butte, too, could be made a real beauty spot, and with very little effort the trees and shrubs growing there now could be augmented as to make the whole really artistic and at the same time afford restful shade and a peaceful retreat for the jaded citizen.

This work, it is conceded, must be a community effort, and failing a grant from the town, can only be accomplished by organization.

And organization in this case means the recognition of responsibilities which are inseparable from one's citizenship.

The C.P.R. park is being plowed and disced this week.

Birth—On Monday, May 3rd, to Mr. and Mrs. Burton Weber, a son.

H. B. Adshead was a visitor here over the week-end from Calgary.

Stanley Barnard of Elkton is in the hospital suffering from double pneumonia.

Divine service will be held at St. Cyprian's on Sunday morning next at 11 a.m.

The C.G.I.T. will hold a tea and candy sale at the Opera House, on Saturday May 8th. Proceeds will be devoted to girl's camp at Sylvan Lake.

The Women's Institute will meet at the home of Mrs. N. S. Clark's, Friday May 14th, at 2.30 p.m. An interesting program on "Canadianization and National Events" is being arranged by Mrs. Phillipson.

G. H. Smith, western manager of the Car and General Insurance Corporation, called on Fisher and Edwards, local agents of the company, on Tuesday, in reference to hail insurance business for the coming season.

Fisher and Edwards have sold seven Massey-Harris disc plows so far this season; every one of which is giving excellent satisfaction. Any farmer bothered with grassy or sticky soil would do well to investigate these implements.

A big blaze was caused on Sunday afternoon through some pig-

geries on the eastern edge of town catching fire. It is stated the fire originated from some grass which had been set alight by one of the neighbors. The buildings which belonged to Bob Griffin, suffered a total loss.

The W.C.T.U. will hold their regular meeting at the home of Mrs. W. Rupp, Thursday, May 13th, at 2.30 o'clock. Program from our annual report, in the form of a quiz contest. Conveyance will be arranged for. Will all members meet at Chamber's drug store at 2.15 on above date.

A large number of friends and acquaintances of Mrs. Dave McEwen heard with extreme regret the announcement of her death, which took place at the residence, south-west of town, on Sunday afternoon, and in the community in which she has resided, and where both Mr. and Mrs. McEwen were so well known and respected, the sympathy for the bereaved husband is widespread. The funeral took place yesterday (Wednesday) from the Mennonite church.

Mother and Son Banquet Together.

The Tuxis and Trail Ranger boys, under leadership of Mr. Boorman and Rev. Ropped, had a very successful mother and son banquet in the dining room of the Rosebud Hotel on Tuesday evening, with an attendance of about fifty. The tables had been very tastefully decorated for the occasion, and the viands displayed were of a varied and most pleasing nature. Valuable assistance was rendered in serving by Misses Winnie Studer, Aleda Hugot, Anna Bricker and Orpha Liesemer, and the whole arrangement reflected great credit on the management.

Following the supper, which was enjoyed by all, Elwood Evans gave a suitable toast to the mothers in attendance, which was most ably responded to by Mrs. N. Clarke. Rev. Mr. Hayes, the new pastor of the United Church, was present and was introduced by the chairman, the former making a brief but pleasing reply to the introduction.

Mr. Chas. Hendry of Calgary, the Provincial Boy's Work secretary, was also introduced as the speaker and leader of the singing and social activities of the evening. In his address with its strong appeal for the "Jesus Way" of living, Mr. Hendry's presence proved a real inspiration to both mothers and sons. The evening as a whole was much enjoyed by all present.

Radio Record.

An interesting record for long distance radio reception on a moving train was established recently when the Continental Limited, the transcontinental express of the Canadian National Railways, picked up and held for thirty minutes a broadcast from Vera Cruz, Mexico, just as the train was leaving Holden, Alberta, enroute to Vancouver.

Widespread Strike Now On In Great Britain.

London, May 4. Organized labor in Great Britain is in revolt; it is backing up the fight of the miners in their demand for what they consider a living wage and proper working conditions.

At midnight a general strike of the industrial workers became effective throughout the country. This widespread demonstration by some five million workers unless speedily terminated, will cause untold suffering, with the loss of millions of money.

Make Survey Field of Taxation.

The appointment of an Advisory Committee to work with the Provincial Treasurer, R. G. Reid, on behalf of Premier Brownlee. Following is the personnel of the committee: Chairman, Dr. H. M. Tory; A. A. Carpenter, A. T. Stephenson, E. Pinchbeck, A. H. Tovell.

The committee will be asked to enquire into all matters affecting revenue and taxation and having regard to the probable future requirements of the province, give consideration to and make recommendations with respect to:

1. The equalization of the burden of taxation.
2. Improved methods of collecting revenue.
3. Methods of collecting revenue from the natural resources of the province, having regard to their possible transfer to the province, paying particular attention to the taxation of mineral resources by provincial and Municipal authorities.

4. The extent to which any tax may be reduced or modified or one form of taxation substituted for another, having particular regard to the Supplementary Revenue Tax and the Wild Lands Tax.

5. The division of responsibility for revenue and expenditure as between the government and the municipalities, urban and rural, including the question of Mother's Allowances and the care of indigents.

6. Adequacy of Sinking Fund and provisions for the retirement of provincial and local funded debts.
7. Systems of local governments obtaining in the province of Alberta and elsewhere.

The Government desires the enquiry to be comprehensive in scope and the committee will not be restricted in its enquiry and will be asked to consider all questions which may be incidental to the general financial requirements of the province.

Opera House, Didsbury

"Winds of Chance," Rex Beach's story of the Alaskan gold rush, pictured for First National by Frank Lloyd, creator of "Black Oxen," "The Sea Hawk" and other memorable scene hits, will be the feature offering at the Opera House Saturday night.

The story of "His People," the Universal-Jewel coming to the Opera House, Wednesday, May 12, is reminiscent of the Biblical narrative of Isaac and his two sons, Jacob and Esau. The father with his stern sense of justice and tradition; the older son, who is beloved of his father, but who spurns that love.

Commencing at the Opera House on May 8th, Mr. Sharp will give in future on this night one show only, commencing at eight p.m. sharp. This will be followed by a ten cent jive dance, music being supplied by Carstairs Melody-Four orchestra.

Didsbury Will Observe Half Holiday

Acting on a petition from the merchants, the Town Council have changed the afternoon holiday this year to Thursday afternoon, instead of Wednesday as last year. Where a legal holiday comes in the week, stores will observe the legal holiday and open Thursday. The first Thursday observed will be May 20th. All stores will be closed on the legal holiday, May 24th, and open Thursday.

Saw-Fly Menace in Alberta.

Wheat stem saw-fly as a menace to growing wheat in Alberta is foreseen by the department of extension of the University of Alberta, according to a recent issue of the Press Bulletin, issued by the department.

The Bulletin article states that the grasshopper campaign in 1922 planned and carried out the provincial department of agriculture, saved the province something \$20,000,000, continuing, it says, that a similar effort must be made to meet the menace of the wheat stem saw-fly and steps are now being taken by the government with the advice and co-operation of Prof. Strickland, professor of entomology, to combat the infestation of Alberta by this pest.

No very definite information has been available, but reports indicate that the saw-fly is becoming established in some sections of the province. During harvest time last year, a survey was undertaken and it was discovered that more of the saw-flies were present than had been anticipated, but losses have not been severe up to the present time. The Press Bulletin points out that farmers are faced with experiencing losses similar to those which now occur annually in Manitoba and Saskatchewan unless this pest can be checked in its incipient stages.

C.N.R. TRAIN SCHEDULE

Important changes in passenger train schedules affecting all points, Winnipeg and west to the Pacific coast, in connection with the operation under summer time tables, were announced by Canadian National Railways traffic officials at the end of April. The new service, which came into effect May 2, cuts down the running time of the Continental Limited one hour between Winnipeg and Vancouver, one hour and 25 minutes between Vancouver and Winnipeg, and 15 minutes between Winnipeg and Montreal. Also, the time on the National between Winnipeg and Toronto is shortened by forty minutes eastbound and one hour westbound, this by setting back the times of departure.

Didsbury Votes \$75 Election Fund.

An assessment of \$1 per member for campaign purposes was made by the Didsbury U.F.A. and U.F.W.A. District Association Executive at a meeting on April 17th, when organization for the forthcoming election was undertaken. The sum of \$75 was voted for the election campaign fund of the Provincial organization. The convention of the association will be held some time in June, the date to be set by the president, vice-president and director at large, according to seeding advancement and other conditions.

The association will actively assist the Central Office in the membership drive. "All present at the meeting," says the secretary F. H. Spalding, seemed anxious to return the Farmer Government. Mr. Claypool was present and gave a good talk.

Officers were elected as follows: President, N. S. Clarke, Didsbury; vice-president, L. B. Hart, Carbon; director at large, F. G. Brown, Acme; directors, District 1, Mrs. Harry Braden, James Gordon, Carbon; District 2, Mrs. A. Wills, Swallow, J. E. Earle, Acme; District 3, Mrs. H. W. Wood, Carstairs, F. H. Spalding, Carstairs; District 4, David Irvine, Didsbury. Mr. Spalding was appointed director to fill the vacancy caused by G. G. Jones going away.

Provincial News.

Edmonton, May 2, 1926

Celebrate 21st Anniversary

To celebrate the coming of age of the Province of Alberta, which was formed 21 years ago, a huge historical pageant will be staged in Edmonton under the auspices of the Edmonton Exhibition Association, during the week of the annual exhibition, July 12 to 17.

Province to Handle Text Books.

Arrangements are now being completed for the handling of all public and high school text books for the schools of the province by the Alberta Department of Education. The department will purchase all text books and will sell them to school boards, dealers and others at list price, which will be at cost to the government. The price for all text books will be uniform to everybody in the province, but school boards, dealers and others ordering large quantities will be allowed a 15 per cent. reduction. The province will pay freight on all shipments, but those asking for shipments by express must assume the difference between the freight and express charges. Postage charges will be paid on all orders sent by post. It is estimated that the new system will save the people of the province at least 15 per cent. on the former cost of school text books.

Farm Young People's Week.

Farm young people's week at the University will be held during the week of June 2nd, it is announced.

Convention on Weed Control.

Convention on Wheat Control. A convention of those interested in the control of weeds will be held at the School of Agriculture, Olds, on May 19 and 20. Provincial Government field supervisors will be present, with officials of the Department of Agriculture, and municipal councillors and municipal weed inspectors are also invited to be present.

Extend Irrigation.

Bonds to the extent of \$170,000 for the extension of the irrigation system in the neighborhood of Raymond, Welling and Stirling, south of Lethbridge, have been voted by the farmers con-

cerned. The issue has been taken by the C.P.R. The extension will carry water to 20,000 acres more in the three sections now comprising the irrigation district.

NOTICE OF SALE.

Notice is hereby given under Section 48 of the Domestic Animals Act Municipalities that the following horses were impounded in the pound kept by W. J. Scheidt, Didsbury, Alta., located on the N.W. 16-31-1-5 on the 29th day of March 1926 and that said horses were sold on the 12th day of April, 1926.

One bay gelding, 3 years old, star on forehead, right hind foot white, no visible brand, sold to John Liesemer, Didsbury.

One aged bay mare, star on forehead, white spot on left hind foot, no visible brands, sold to F. Lesson, Didsbury.

One black gelding about 2 years old, star on forehead, white spot on nose, no visible brands, sold to L. A. Meyers, Didsbury.

And that said animals may be redeemed by the owner or on his behalf within a period of 30 days from the publication of this notice in the Alberta Gazette, upon the payment of all fees and costs due to the municipality and the purchaser of the said animals.

For further particulars apply to the undersigned.

A. Brusso,
Sec.-Treas. Municipal District of Mountain View No. 310 Didsbury.

Here and There

Basking in brilliant autumn sunshine, the coast of British Columbia offers a striking contrast to the severe winter weather already making itself felt in other parts of Canada. On the Coast, golf courses are crowded, the ocean is dotted with figures of bathers taking their daily dip, and pleasure craft still ply the waters.

One hundred thousand dollars' worth of Black Fox puppies were shipped to Antwerp on the Canadian Pacific liner "Melita" recently. In specially built cages they will be conveyed by the Dominion Express across Europe to the farm in Switzerland where they will form the nucleus of a fox-breeding establishment.

Another instance of foolhardiness. A recent report from Hull is to the effect that an automobile, travelling at high speed, crashed through both gates at the Chelsea Road level crossing just as they were being lowered to stop traffic so that a light engine should pass. The automobile smashed its way over the tracks barely two feet ahead of the locomotive.

Arthur Edward Shave, in the employ of the Canadian Pacific Railway since August 18, 1906, when he was appointed clerk in the office of the Treasurer, has been appointed assistant treasurer of the company. Mr. Shave became assistant chief clerk in the office of the Treasurer in 1916 and was promoted Chief Clerk in 1919.

The apple is a typical Canadian fruit and among the finest grown in the Dominion. It is incomparable as a Christmas gift for friends and relatives in Great Britain. In order to facilitate shipments, the Dominion Express Company are offering special rates. Standard boxes containing about 150 and standard barrels holding about 375 will be sent from Quebec or Montreal up to the close of navigation to any station on a railroad in Great Britain or Ireland at a cost of \$3 and \$6, respectively.

To perpetuate the memory of the late P. Alexander Peterson whose engineers in this part of the country gather, a portrait of the famous engineer, done in oils by the late Robert Harris, Canadian artist, is to be hung in the Engineering Institute on Mansfield street. The late Mr. Peterson, former engineer of the Canadian Pacific Railway, took a leading part in the railway construction in Eastern Canada during the latter part of the last century.

Canada To The Fore

The geographical position of Canada and the United States naturally suggests contrasts and invites comparisons, and, as a rule, both at home and abroad, these are usually to the detriment of the Dominion. Careful examination will, however, establish the fact that Canada really presents the stronger and more progressive and stable position.

Studied only superficially, people see Canada with a greater area than the adjoining republic, but with less than a tenth of its population. In fact, they note within an area of a few hundred square miles around and including New York City, a population equal to that of Canada stretching from the Atlantic to the Pacific.

Superficially they see the gigantic industries of the United States, the enormous accumulations of wealth, the rush and bustle of its many large cities, and the boastful assurance of its people who believe, and do not hesitate to vehemently declare, that they are the greatest nation in the world.

In contrast they see Canada with, comparatively speaking, only a fringe of population, with only a few cities of the first rank, not very many multi-millionaires, and the people as a whole, instead of being boastful, rather inclined to belittle themselves and their country.

This is the superficial picture seen by the average person who merely glances at the surface of things and fails to take note of what is much more significant.

Are Canadians slow? Is the Dominion backward in development compared with even the United States? The answer is decidedly in the negative, as a more thorough examination of the growth and development of these two neighboring countries will reveal.

Canada today, with its nine or ten millions of people, is conducting as large a foreign trade as the United States did when it had a population of 76,000,000. On a per capita basis the "slow" Canadians are doing a very much larger foreign business today than the "aggressive" people to the south.

Canada today is producing more wealth from its mines than the United States did with a population of 38,000,000, and the value of Canadian manufacturers at the present time is equal to the output of the United States factories when that country had 50,000,000 people. The export trade alone of Canada today is equal to \$134 per capita, while in the United States at the present time it is only \$37 per capita.

In worth-while education, in medical research work, in the observance of law and order, in the maintenance of proper social conditions in life; in a word, in the development of character which alone can make a nation strong and great, Canada compares more than favorably with its neighbor.

As a result, there is no other country in the world today, regardless of wealth or population, which is so successfully grappling with and solving huge problems, whether financial, economic or political, or which is making quite such substantial gains in its domestic affairs, and in world relations.

The position of Canada is sound. It is strong and growing stronger. It stood the shock of the Great War, and in that titanic struggle discovered itself and its people possessed of amazing virility and undreamt of powers and resources. It took second place to no other country in its contribution to victory. Equally, it sustained and successfully surmounted the many after-the-war problems, notwithstanding that the burden assumed by the United States was a mere bagatelle to that shouldered by the Dominion.

Why, then, decry the Dominion and make invidious comparisons with the United States based on a superficial glance at size of populations, number and size of cities, or industries, or wealth accumulations? Canada may not at present boast of many huge fortunes, but it can boast of something infinitely better, namely, that of all the go-ahead nations of today, none present a more even distribution of wealth among its people.

Furthermore, it is doubtful if any other country today is so steadily and permanently improving its position, and where the people as a whole are making progress in all things which make life worth while as is true in the case of Canada which is experiencing a real revival following the aftermath of the war.

Canadians need not be boastful, but they can and should be confident and self-reliant. They have every reason and justification for such an attitude towards life and the world.

Saskatchewan Has Most Horses

Saskatchewan now owns approximately one-third of the horses in Canada, having 1,163,953 in a total of 3,551,041. Alberta comes next with 819,929, while Ontario is third with 614,138. Manitoba has 358,839, so that the three prairie provinces have altogether 2,249,739 head of horses, almost two-thirds of the total number in the Dominion. Saskatchewan has an average of about eight horses per farm.

B.C. Has Best Dessert Apple

In the imperial apple shows in England, during years 1922 to 1925, Canadian apples won 64 first places, 73 seconds, 24 thirds and 22 special prizes. In 1925 the British Columbia Jonathan was judged to be the best dessert apple in the British empire and the premier cooking apple was the Ontario Rhode Island Greening. In 1923 and 1924, Canadian-grown McIntosh apple was judged to be the best dessert apple in the empire.

Children Cry for

Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of *Dr. H. H. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

South Africa's Public Debt

Is Growing Rapidly and Citizens Are Becoming Alarmed

The public debt of the Union of South Africa is growing so rapidly as to cause alarm among the thoughtful citizens. Since 1911 the debt has been increased by £100,095,715, while the amount of debt extinguished has been only £12,833,918. Taking an average for the 15 years since the establishment of the Union, the government has been increasing its debt by over £6,500,000 per annum, but actually decreasing it by only £850,000 a year. The total indebtedness of the Union is now £214,332,683.

COLOR IT NEW WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, drapery, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

Collects Snowflakes

W. A. Bentley, of Jericho, Vermont, is a snowflake specialist. Bentley says that February storms brought him about 75 new snowflakes, some of them of great beauty and interest.

A BLEMISHED SKIN

Cannot be Relieved by Salves and Ointments

Irritating sores, pimples, eczema, salt rheum and other skin disorders are all signals of distress, telling that your blood is weak or impure. You cannot get rid of eczema and other skin troubles with ointments and outward applications, because the trouble is rooted in the blood and can only be removed by purifying and enriching the blood. Dr. Williams' Pink Pills banish these troubles because they purify and build up the impoverished blood. This has been proved over and over again. Among those who have thus benefited is Mrs. Chris. F. Hummel, Castor, Alta., who says:—"I was troubled with eczema for years and although I tried many remedies I did not find permanent relief until I used Dr. Williams' Pink Pills. Whenever I did a little work my hands pained me greatly, especially my fingers and joints which were swollen and cracked, so that I could scarcely move them. Finally as the result of a statement I read, I decided to try Dr. Williams' Pink Pills, and I had not been taking them very long when I found they were helping me. I then got a dozen boxes, and before they were all gone every trace of the trouble had disappeared. Had I known of Dr. Williams' Pink Pills earlier I might have been spared the suffering I endured, and saved the money spent for other treatments that did not relieve me. I hope some other sufferer will benefit by my experience."

If your blood is out of order begin taking Dr. Williams' Pink Pills today and note their speedy beneficial results. Sold by medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Great Distinction For Canada

Senator Dandurand of Montreal is President of League of Nations

The president of the League of Nations is the Hon. Senator Raoul Dandurand, of Montreal. "The world has no higher pedestal on which to place a man," and is therefore a position of very great distinction not only for the occupant but for the country represented. Senator Dandurand presided at the assembly of 1925 and attended the special session in March of 1926 as one of the Canadian delegates.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Almost unknown and unmarked for many years, the birthplace of Admiral Robert H. Peary, discoverer of the North Pole, now bids fair to be made into a shrine.

Minard's Liniment for backache

W. N. U. 1626

Juvenile Swine Competition

C.P.R. Awarding Trophy in Three Western Provinces

Again this summer the Canadian Pacific Railway is awarding a trophy to the three clubs along its lines in Manitoba, Saskatchewan and Alberta, winning the boys' and girls' swine competitions. In addition, the winning teams will be taken to the 1926 Royal Agricultural Winter Fair at Toronto next November as guests of the Canadian Pacific Railway. These boys' and girls' swine clubs have been co-operatively organized throughout the three western provinces by Provincial and Dominion Governments, and the steps taken by the railroad is for the purpose of further encouraging the production of the approved type of hog and so maintaining Canada's position as a hog producer in the markets of the world.

Australian Voters Fined

Obligated to Exercise Franchise Unless Good Excuse Given

Hundreds of voters in South Australia were fined \$2.50 each for not exercising their powers of franchise. Excuses were accepted in 6,400 cases. A woman who has to stay at home to care for her baby is exempt from punishment under the new Australian Compulsory Voting Law, which provides for fines up to \$10 for electors who do not vote. This ruling has been made in cases growing out of the federal elections held last November.

THREE HAPPY FAMILIES

Among the recent newcomers to the Canadian West are three large British families who arrived at Halifax on February 23rd, on board the Cunarder Alaunia from Liverpool.

All are bound for Vancouver, and travelled under the special reduced rate arranged for by the Government. Some indication of what they think of the adventure of the voyage, and their delight in coming to Canada, may be gained from their happy interested faces. They included two brothers Osmond from Newport, Monmouth, and their wives and seven children. The other family is from Doncaster, also bound for British Columbia. The photograph shows them on the deck of the Alaunia.

The Right Answer—"Should wives be paid wages?" asked a writer in a recent article in a magazine.

"Certainly!" says a married man of our acquaintance. "What do you think I send my wife out to work for?"

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

Mt. Whitney, California, 14,501 feet, is the highest point of land in the United States.

Ready-made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use; and that will satisfy anyone as to its effectiveness.

Two New Forest Reserves in B.C.

Official announcement has been made by the provincial minister of lands of the creation of two new forest reserves, totalling more than 2,000 square miles. One of these areas lies north of Burns Lake, in the Babine district, and the other is on the Sonora Islands.

Genuine **ASPIRIN**

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monksielesdorf of Bayerleide (Austria) Bayerleide Acid, "A. S. A.". While it is well known that Aspirin is a Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

OPPOSITE VIEWS ARE AIRED IN BUDGET DEBATE

Ottawa.—Continuing the budget debate, Mr. Macell stated that the year's financial statement was noted for its announcement of a reduction in taxation and increase in trade and an improvement in the Canadian National Railways.

Another feature of the budget which will be popular, said Mr. Macell, was the return to penny postage. Canada was a pioneer in the experiment of penny postage, back in the days when Sir William Mulock was postmaster-general. The experiment had proved very profitable then, and Mr. Macell thought it very fitting that Canada should go back to the two-cent stamp.

In spite of all the smuggling which was said to be going on, Mr. Macell drew attention to the fact that there had been a considerable increase in the net sum collected on customs duties. There would be a certain amount of smuggling in any case, he thought, and the returns of the customs department showed a very satisfactory increase.

Mr. Macell supported the reduction in the tariff on motor cars. The nearer Canadian prices were made to those in the United States the greater would be the prosperity of the automobile industry in this country. This was due to the fact, he stated, that reduction in the price of cars would increase the number sold.

Mr. Dickie expressed the view that the government's course was being governed by the Progressive group. The speech from the throne had stated that the tariff board would be constituted for the consideration of tariff matters; yet the government had in its budget taken a step in the opposite direction.

Canada should oppose United States competition with an adequate protective tariff. "I do not say build a tariff wall brick for brick with that of the United States," said Mr. Dickie. "But I say that we should build a tariff wall adequate to stop their goods from coming into Canada in competition with our own products."

British Alarmed By German-Soviet Pact

Believe Berlin is Being Fooled By Soviet Minister

London.—The British, who had viewed the negotiations for the Russian-German pact with complacency, now are becoming alarmed, not because they distrust the Germans, but because information has come to them which indicates that while the Germans are honest, they possibly are being fooled by Foreign Minister Tschitcherine, who is regarded as the cleverest diplomat in Europe.

British diplomats are convinced that Russia is meditating an attack on Rumania, both to obtain the return of Bessarabia, which generally is admitted to be more Russian than Rumanian, and to damp down the discontent at home by what the Kremlin politicians hope will be a victorious foreign war. The Red army is reported to be getting restless and untrustworthy and the Soviet leaders feel that they must give it an occupation in order to render it innocuous.

Created A Marquis

London.—A marquisate, in recognition of the completion of his work during his term of office as viceroy of India, was bestowed upon the Earl of Reading by King George. The earl, who is just home from India, went to Windsor to visit the King, the marquisate being bestowed in the course of the audience.

Spitzbergen Ready For Norge

Leningrad.—Lieutenant Riser-Larsen, of the Amundsen-Elsworth Polar expedition, received a message from Capt. Amundsen, at Spitzbergen, saying all preparations have been finished there for receiving the dirigible Norge, in which it is hoped to fly over the Pole.

Devil's Gate Dam, near Pasadena, California, has a 20-foot concrete auto road on the top.

W. N. U. 1626

Favors Limitation Of Armaments

U. S. Would Welcome Completion of Work of 1921 Conference Says Kellogg

New York.—United States politics on outstanding international issues were barred by Frank B. Kellogg, secretary of state, in an address at the annual luncheon of the Associated Press.

On the question of armament limitation, the secretary said the United States Government would "welcome an agreement which would complete the work begun in Washington" at the 1921 conference.

Secretary Kellogg pledged in this connection that the delegates from the United States to the preliminary armament conference in Geneva would "use their influence in favor of projects which may be practical in their application and realizable in their development."

He reminded the audience, particularly the hundred Latin-American journalists present as guests of the Associated Press, that the true policy of this country contained "no desire for imperialism, acquisition of territory, political or economical domination."

Protests Against Delay In Inquiry

D. F. Kellner Wants Earlier Probe in Athabasca Vote

Edmonton.—Mr. Justice Beck will not hold an inquiry before next September into alleged corrupt practices in the federal election of Athabasca during the last Dominion election, so he is reported to have informed a delegation of the United Farmers of Alberta that waited upon him recently.

This was the information given to delegates who were present at the meeting in the city council chamber to form a provincial U.F.A. association for the return of the deputation, which was composed of C. Burnell, Q. Brunell and R. Goddard.

A strong protest against this delay was voiced by D. F. Kellner, defeated Progressive candidate for Athabasca, who stated that many of the witnesses will be out of the country if the probe is not held before September.

He has intimated steps will be taken to bring the matter before the Ottawa authorities.

Suggests Amendment Of Naturalization Act

Miss MacPhail Would Have Canadian Girls Marrying Aliens Retain British Citizenship

Ottawa.—Miss Agnes MacPhail proposes to move in the House of Commons that the Canadian girls who marry an alien and continue to reside in Canada shall not lose her British citizenship by the mere act of marriage. Miss MacPhail's proposal is that the "Naturalization Act be amended to provide that a woman of British nationality residing in Canada should not lose or be deemed to lose this by her act of marriage with an alien, but that it should be open to her to make declaration of alienage if she should so desire." Miss MacPhail's resolution, although not limited thereto, will, on account of their number, give particular reference to marriages between Canadian girls and Americans.

Death Penalty To Remain

Move of Labor Party is Defeated in British House of Commons

London.—The House of Commons in committee rejected by 269 to 123 the new official Labor clause of the army and air force annual bill, providing for the abolition of the death penalty in cases of cowardice and deserting while on active service.

The house also rejected, by a vote of 283 to 103 the Labor clause which would prohibit the use of troops in connection with trade disputes except when a proclamation declaring that a state of emergency existed was issued.

Dangerous Floods in Arabia

London.—A Reuter's dispatch from Cairo, Egypt, reports disastrous floods in Southwestern Arabia. A traveller arriving from Yemen said the flood waters, piled up by cloudbursts at Yemen and Wadi Mor, near Lohedja, had washed away 700 homes.

MAY NOW EXTEND SEARCH LIMIT FOR RUM RUNNERS

Ottawa.—Extension of the limit of search to 30 or 35 miles from the United States shore is mentioned as a possibility in the correspondence between the British ambassador at Washington and the Governor-General of Canada. This correspondence was tabled in the House of Commons in reply to a question concerning seizure of the Canadian schooner Pictonian off Long Island, in October, 1924.

Sir Esme Howard wrote Baron Byng on October 16, 1924, concerning the seizure of the liquor laden schooner. One paragraph of his letter reads:

"It was pointed out by the assistant United States Attorney that the Pictonian was captured 14 miles from the shore on evidence that she was reached by the motor boat K-14622 in less than one hour's run, and the United States attorney stated he believed that in the case of fast motor boats engaged in the liquor smuggling traffic, the limit of search might be as far out as 30 or 35 miles."

The file deals with the ownership of the Pictonian rather than with her adventure, but a newspaper clipping is included showing that forfeiture to the United States Government was ordered on January 26 last by a judge in Brooklyn, N.Y.

The Pictonian was seized by the United States Government cutter Seneca with 640 cases of liquor aboard and an empty motor boat alongside.

Willington May Be Next Governor-General

Will At Least Receive Offer Canadian Press Informed

London.—The Canadian Press has been authoritatively informed that Viscount Willington at least will receive the offer of the Governor-Generalship of Canada.

Lord Willington was on his way to China at the time. He was at the head of the Chinese indemnity fund committee which was going to China to arrange for the return by the British Government of the Boxer indemnity amounting to some £11,000,000.

Henry Ford Is a Free Trader

Detroit, Mich.—Henry Ford, Detroit industrial magnate, stated his belief that the industry of Ford City, Ont., would "run better" if there were no tariff whatever. Mr. Ford declared himself to be a free trader. The magnate was interviewed on the Walkerville ferry as he was returning from an inspection trip of the Ford City plant.

Will Lead Liberals

Joseph T. Shaw of Calgary Chosen Chief of Party in Alberta

Edmonton.—Practically unanimously refusing a resolution made on the floor of the convention by Ed. F. Ryan, Calgary lawyer, that nomination of a provincial Liberal leader be not made until after the provincial general election, Alberta Liberals, in executive meeting gave enthusiastic endorsement to the only name placed in nomination, that of Joseph T. Shaw of Calgary.

The choice was made by executives representing every provincial constituency, and as explained by Hon. W. O. Buchanan, who took the chair at the opening of the convention, this form of procedure had been adopted following the system in Saskatchewan when a successor to Hon. C. A. Dunning was named.

One hundred and twenty-five delegates were present at the convention.

At the afternoon session, Joseph T. Shaw, newly elected leader, launched an attack upon the Farmer Government of Alberta terming it one of inaction.

Eskimo Accused Of Murder

Edmonton Judge Leaving About June 1 To Preside Over Hearing

Edmonton.—Judge Dubuc, who has already had connection with the trials of Eskimos in the Far North, expects to leave for Akavik about June 1 to preside over a hearing resulting from another killing in the northern territories.

An Eskimo named Ikayena will be the accused, having been apprehended by the Royal Canadian Mounted Police detachment at Tree River in January, 1925, for the shooting of a native, Uluknak, on Parry River in the summer of 1924.

Two lawyers, one for the prosecution and one for the defence, and the judge's personal secretary, also will make the trip.

Canadian Doctor Honored

Montreal.—Dr. D. M. Morrison has been awarded the Ramsay Memorial fellowship by the Research Council of Canada. Dr. Morrison is now carrying on research work with Sir Ernest Rutherford in the Cavendish Laboratory at Cambridge. He is a native of British Columbia, and a graduate in arts of the University of British Columbia.

Veteran C.P.R. Operator Dead

Ottawa.—David Robertson, aged 56, who flashed the first message across the Canadian Pacific Railway Company's coast-to-coast telegraph wire when it was originally constructed, dropped dead here. For a number of years he was chief operator for the C.P.R. here.

RESUME WORK OF CONSTRUCTION ON H. B. ROAD

Ottawa.—The fact that parliament has already appropriated one-twelfth of the total estimate of \$3,000,000 toward the completion of the Hudson's Bay Railway, has led to a start being made, already, upon the operations. One-twelfth of the estimate amounts to \$250,000, and at Le Pas, operations are now under way for putting the existing line in shape and for the additional construction which will be necessary. When Hon. C. A. Dunning became minister of railways he spoke at Regina and declared that one of his main objectives was the completion of the Hudson's Bay Railway. An appropriation of three million dollars appears in the estimates this year, and with what has been voted already, the minister is in a position to go ahead with fairly extensive operations in anticipation that the whole work will be ratified by parliament. The work of placing the existing line in shape and of continuing the construction will be carried forward under the direction of the Canadian National Railways. There is now no doubt that the whole undertaking will be carried forward to completion and not in any leisurely manner but with all expedition possible.

Refuse To Legalize Betting

Bill Introduced in British House of Commons is Defeated

London.—The House of Commons rejected the bill intended to legalize betting and license bookmakers, 126 to 94. The rejection of the bill was moved by Edwin Scrymgeour, prohibition member for Dundee.

The question of legalizing betting and putting a tax on it has been under consideration for a long time, and recently it was reported that Winston Churchill, chancellor of the exchequer, casting around for some new source of revenue to add the budget, had lighted upon betting as the most fruitful possibility for a new tax.

The church people have been strongly opposed to such a measure, as well as several members of the cabinet, some of whom Mr. Churchill was said to have won over to his side.

Details Of Chinese Massacre Revealed

Only Five of Cabinet Office Guard Allowed to Live

Shanghai.—Only five men out of 400 comprising the guard of the cabinet office escaped death at the hands of the Kuomintang troops before they evacuated Peking, says The North China Daily News.

The newspaper calls it a cold-blooded massacre.

It says the extremists persuaded their commanders to destroy all the guard of the cabinet office, which fired on students during a demonstration last month. The men were taken beyond the yellow temple and machine guns were opened upon them only five escaped alive.

Cost Of Completing Hudson Bay Railway

Figures Given to House by Sir Henry Thornton

Ottawa.—The Hudson Bay Railway will cost \$2,000,000 to complete and a further \$4,250,000 to put into operation. This is the opinion of officers of the Canadian National Railways, transmitted through Sir Henry Thornton's office in reply to a question in the House of Commons, and tabled in that chamber.

Grading was completed some years ago, but by now it requires considerable repairs, was one of the notations on the file.

Will Enter Politics

Mexico City.—All Roman Catholics are urged actively to participate in Mexican politics to control presidential, congressional and municipal elections as an effective means to bring about religious freedom in Mexico. The advice is contained in a pastoral letter signed by all the archbishops and bishops of the country.

Lord Allenby Leaves for Home

Lord Edmund Allenby, conqueror of Palestine, accompanied by Lady Allenby, is shown above with Commander E. Landy, leaving Canada on the Canadian Pacific liner Montrose. The famous soldier has just completed a tour of Canada during which he was received by the most prominent residents of almost every large city in the Dominion.

The "Bull of Bashan" delivered addresses throughout the country telling of the conquest of the Holy Land and stressing the importance of the capture of Palestine in helping win the Great War.

A Big Gusher in the Sunburst Field.

The most sensational gusher of the famous East Kevin-Sunburst pool was completed on Wednesday of last week by Fulton Oil Co. on the William Bryne No. 12 location, in the Montana field.

The bit, the report says, picked up the Ellis sand at 1410 feet and almost immediately the oil mounted the casing and shot 100 feet over the top of the derrick.

The well was marked by a tremendous volume of gas, estimated from five to ten million cubic feet per day.

On Friday at noon, the well was flowing at the rate of 4000 barrels a day. Oil men say it would easily make twice its present flow.

A three inch flow line is running into a 500 barrel tank, and so great is the force of the flow that the big tank weighing considerably more than a ton, had to be anchored down with cables.

The above well is situated about a mile and a quarter from the Didsbury Co.'s well and to quote the geological report on the Didsbury well, the 40 acres acquired by the latter is located within the same structural contours as the production of the Rice-Fulton-Ferdig Big West Group.

Alberta Crop Report.

Edmonton, May 3, 1926

Seeding of wheat is from 50 to 75 per cent. completed in the southern districts of the province and from 25 to 50 per cent. in the central and northern districts. The Peace River district however, reports seeding practically completed. Some of the new crop is already showing above ground in the earlier districts, and growth apparently is very rapid. Seeding of other crops is general. The soil generally is in good shape and seeding is progressing rapidly.

The weather has been hot and dry over most of the province, although a few showers have fallen in the more northern districts. The weather has been unusually warm for this season of the year. Though the seed bed is well supplied with moisture from the fall and winter, this has been rapidly drying out during the past fortnight, and precipitation will be needed to give satisfactory germination in some of the southern sections. High winds have prevailed, and soil drifting has been heavy in certain localities, with the summerfallow suffering rather severely. In a few places it has been necessary to re-seed.

In the south-eastern portion of the province, the army cutworm has appeared to a rather serious degree, and has interfered somewhat with seeding. Effective steps have been taken by the department to meet the situation, and poison material is being distributed from central points in the areas affected.

Pastures generally are coming along fairly well, and stock is in good condition. There is considerable demand for farm labor.

Both morning and evening services will be observed in harmony with the occasion. The fathers will also receive recognition and while this announcement includes a special invitation to middle aged mothers and fathers, all younger parents and youths too, should be in attendance in honor of their parents. Come one, come all, both young and old.

Mother's Day was founded in 1908 by Miss Annie Jarvis of Philadelphia, after the death of her mother whom she loved most dearly, she set apart one day each year and consecrated it entirely to the memory of her mother. Little by little her practice became known and was finally adopted as a world wide movement. The white carnation was chosen by her to symbolize the mother's attributes. Its whiteness stands for purity, its form for beauty, its fragrance for love, its lasting qualities for faithfulness, its world wide growth for charity. Thus it has become customary to wear a white flower, preferably, the carnation on Mother's Day in honor of mother.

The Ev. church was well represented at the W.C.T.U. convention held at Olds this week, Mrs. H. Reiber, Mrs. J. V. Berscht, Mrs. E. N. Boettger, Mrs. J. Hehn, Mrs. Cunningham and others being in attendance. They report a great convention.

Up to the time of this writing the latest in conference news concerning the Canadian North-west is a newspaper report stating that Rev. L. H. Wagner, Regina, is again elected as presiding Elder of the entire North-west district for a term of one year instead of a four-year term as formerly. This clears up the uncertainty of the telegram report received and read by the pastor to the congregation on Sunday last.

The union question of the Ev. church with the United church of Canada brought on a lengthy discussion followed by a resolution deferring all further action for the meantime, without the voice and approval of our General Conference which meets in October of this year. The official representative of the United Church, however, assured the Conference that a warm welcome awaited the Ev. Church, should it ever decide to enter the United Church of Canada. The same United Church speaker expressed

himself as being greatly impressed with the even tenor of faith found in the Ev. church as a denomination, it having steered clear of both "modernism" and fanatical "fundamentalism" in the present unrest and theological extremes of the present day. The statistical reports show a fallacy as well as financially throughout the conference from the east at Ottawa to the Rockies in the West.

ST. CYPRIAN'S CHURCH

(Church of England)

Services will be held in the above church on the second and fourth Sunday in each month at 11 a.m. and 7.30 p.m. respectively. Rev. H. Clay, Incumbent, Olds, Alta.

KNOX UNITED CHURCH

Sunday May 9th—Mother's Day services will be observed by the Sunday School at 10.30 a.m. and at 7.30 p.m. at the church services. Appropriate theme and special music.

Mother's Day services will also be observed at Westcott at 11 a.m. The minister, Rev. A. E. Hayes, will be in charge.

An induction service in connection with Rev. A. E. Hayes, B. A., formerly of Edmonton, was held in Knox United church, Didsbury last week. The Presidency of Red Deer was represented by Rev. Mr. Lochie of Olds who addressed the minister and Rev. Mr. Smiley of Westerdale who addressed the people. The church was well filled and much interest taken in the services. Mr. and Mrs. Miller sang a duet and Mr. Boorman gave a violin solo. A social half-hour was held at the close, the ladies Aid serving a tasty luncheon. Mr. Hayes is also the minister at Westcott and representatives from there were in attendance.
